

Consultant Exchange

Welcome to the Q1 2019 Consultant Exchange Newsletter. Our highlights are **Five Themes to Watch in 2019** which explores key industry trends, and a short paper on the **Cleared Derivatives Ecosystem** in which we shed new light on how asset managers and insurers can consider derivatives clearing and collateral management strategies.

In this article, a panel of BBH experts take a look at the upcoming product trends of 2019 and provide insight on what they mean for the industry and asset managers.
