BBH CAPITAL PARTNERS EXITS INVESTMENT IN KABAFUSION HOLDINGS LLC

New York, NY, JANUARY 29, 2019 – BBH Capital Partners (“BBHCP”) announced today that it has completed the sale of its stake in portfolio company, KabaFusion Holdings LLC (“KabaFusion”), to a financial investor. Through a network of licensed pharmacies in seven states, KabaFusion is a provider of specialty pharmacy home infusion services to patients that have difficult-to-treat chronic and acute conditions including primary immune deficiency, neuromuscular and neurological conditions, and autoimmune disorders. BBHCP invested in KabaFusion in late 2014 and was the first outside investor in the company. KabaFusion was founded by Dr. Sohail Masood, a highly respected pioneer in the home infusion industry. Under the leadership of Dr. Masood (CEO), and the talented KabaFusion management team, the company nearly quadrupled its revenue over the past four years while maintaining its high standard of being an industry leader in clinical quality and patient care.

Bradley M. Langer, Managing Director at Brown Brothers Harriman & Co. (“BBH”) and Co-Manager of BBHCP, commented, “We enjoyed working closely with KabaFusion over the past four years. Dr. Masood and KabaFusion’s management team are highly experienced, proven executives in specialty home infusion and they have been fantastic partners. They have built a business of scale that continues to focus first and foremost on providing high quality care to their patients. We greatly respect what the team has accomplished and look forward to watching them continue to grow their business in the coming years.”

Dr. Masood added, “We couldn’t be more pleased with our partnership with BBHCP. As a founder owned business, we were very careful in selecting our first equity partner. BBHCP has a focus on founder owned companies and is a longtime, experienced healthcare investor that had a true understanding of our business and industry. BBHCP and BBHCP’s Operational Resources Group spent considerable time working with our team to help accelerate revenue growth and improve margins.” Houlihan Lokey’s Healthcare Group served as the exclusive advisor to KabaFusion.

About KabaFusion Holdings LLC

KabaFusion specializes in IVIG (intravenous immunoglobulin) and home-infusion IV therapy with seven pharmacist-owned, patient-focused specialty pharmacies serving over 40 states across the country. KabaFusion was founded by Dr. Sohail Masood in 2010 and currently operates seven fully

accredited home infusion specialty pharmacies strategically located in California, New Jersey, Texas, Illinois, Massachusetts, Pennsylvania, and Florida.
